

Please follow these precautions so that everyone will enjoy themselves at your fireworks show.

2 Storage

Store fireworks in a cool dry place.

4 Long Items

Bury long items half their length in the sand.

6 Bad Idea #2

Never point your firework item at someone.

8 Be Patient

Light fireworks one piece at a time.

10 Outdoor Only

Do not use ANY fireworks item indoors, including sparklers. Sparklers are for OUTDOOR USE ONLY and should NEVER be used as candles on a birthday cake.

12 Unlit Fireworks

Never attempt to re-light a misfire fireworks item. Keep a bucket of water, or a hose, handy to douse such items. If an item does not light easily, or fizzes out, do not approach the item for 15 minutes. Soak in a bucket of water overnight and dispose of in the morning.

1 Alcohol

Do not ignite fireworks while under the influence of alcohol or drugs.

3 Base

Plant Fireworks on a firm, level surface (NOT GRASS).

5 Bad Idea #1

Do not shoot fireworks out of glass or metal containers.

7 Bad Idea #3

Do not put fireworks in your pocket or throw them.

9 Watch For Children

Do not let children under 18 years of age set off the fireworks items.

11 Do Not Hold It

Except for sparklers, do not hold the fireworks items in your hand. Sparklers are the only fireworks item designed to be held in your hand. Hold sparklers at arms length.

13 Proper Clothing

The shooter and the assistants should always wear safety goggles, snug fitting cotton clothing and a cotton baseball hat for protection from sparks.
